This is a magnificent mission worthy of every effort we can individually and collectively give. 2024 The Year of RESPECT is a community-wide initiative that strives to reshape our attitudes and actions toward each other.

The foundation of a strong community lies in listening and respecting different voices. When we value one another, it transforms relationships and impacts our lives.

Join us in this HEAD and HEART experience, as we take actionable steps to build a kinder community that is a light and example for the world. *Let's do this Together!*

Paul Larsen, and many other Friends
